### Carolyn Dalgliesh

A member of the National Association of Professional Organizers (NAPO) and a Certified Green Home Specialist, Carolyn Dalgliesh **founded Systems for Sensory Kids (SSK) to offer practical support and easy-to-apply solutions to parents of sensory children.** Sensory kids—like those with anxiety disorder, high-functioning autism, sensory integration dysfunction, learning challenges, ADD/ADHD, obsessive/ compulsive disorder, or other sensory challenges—need special organizing and sensory solutions. As the parent of a sensory child, Carolyn understands the challenges other parents face every day. Let Carolyn's SSK Sensory Organizing™ system help you create order in your home and give your child the structure he or she needs to thrive!
